

Kaushalya World School

KWS/16-17/246

Jan.11th, 2017

Dear Parents

Greetings from **KWS!**

On behalf of **KWS** family, I wish you a very Happy New Year and thank you for your collaboration with us in providing education to our students with a difference. I sincerely appreciate all of you in standing with us as a team at the time of challenges. Your emails, messages and personal interactions are indeed a boost to us. **Kaushalya World School** has covered many milestones, achieved greater heights and carved its niche in the field of education regionally, nationally and internationally in a short span of 5 years. It would not have been possible without your support and alliance.

The journey is still on. It's an uphill task to provide the best to our students in terms of latest pedagogy, assessment, facilities, educational excursions, internships with professional institutes etc. I expect the similar support from you in future as well.

As an expression of our gratitude, management of **KWS** has decided to provide a little relaxation for the younger siblings in **tuition fee** from the **session 2017-18**. The percentage of discount will be decided soon in the managing committee meeting and it will be shared ASAP. The process has already initiated and the data has been drawn from the school records. However, we wish to verify the data once again for the full proof solution. May I request you to please fill in the sibling details in the Performa drawn at the bottom of this circular. Please cut the portion required by the authorities and submit it back with the **class teacher** latest by **14.01.17** after completing all the columns.

Kindest regards

Yours educationally

s/d

Mukta Misra

(Director Principal)
