

# KAUSHALYA WORLD SCHOOL

DATE SHEET FOR SA-I (2015-16)

Class- IX-XI

Circular No:KWS/15-16/233

Date: 19. 08.15

Dear Parents

Greetings for the day!

Assessments play a crucial role in ascertaining the direction that the classrooms should take in order to move ahead on the path of learning. They help the teachers as well as the students not only in identifying the areas that require improvements but also in determining the aptitude of the child in various disciplines. A clear understanding of the aptitude and the interests of a child is vital in taking major academic decisions in life. With the objective of letting the children realize their abilities and giving them an acknowledgement for the same, we will commence our **Summative Assessment I** for the session 2015-16 from **14.09.15** for the co-scholastic and from **19.09.15** for scholastic disciplines. We hope that your cooperation will help the students perform with the best of their potential. Their devoted performance will act as a reward for the school as well as their tireless facilitators.
